Kingston Seems in Great Shape and May Win the Second Event.

To-day's programme at Monmouth far surpasses the usual ones for Monday, and a large crowd should witness Masked Men Raid a Ranch in Colthe run-off. There are no stake events vn for decision, but the fields are all down for decision, but the fields are all heavy and the quality very good. The track is not a hard one to dry out, and nearly all signs of the heavy storms of Saturday should have passed away.

A great lot of sprinters will try conclusions in the second race, at six furlengs, and a good field of youngsters will battle for the fifth. Both should furnish hot contests.

The entries and selections follow:
